Table of Contents

Preface

Introduction 1

Sustainable Fisheries 2

Fishing Gear Impacts 4

Shellfish and Fish Habitat 6

Healthy Oceans 8

Coral Reefs 10

Cycling of Materials 12

Ocean Biodiversity 16

Hot Vents 18

Cold Seeps 20

Why the Interest? 21

Predicting Environmental Change 22

Recorders of Climate History 24

Oceans' Role in Climate Change 26

Safe Diving 28

Scientific Diver Training and Technology 30

Diving Tools 31

Public Service 31

Tools for Undersea Research 32

The National Undersea Research Program--In Perspective 34

NURP Technologies 34

Advanced Scientific Diving 34

Robotic Vehicles 35

Submersibles 35

Seafloor Observatories 37

Survey and Sensor Systems--A Few Examples 38

NURP Partnerships 39

Outreach and Education 40

Hands-on Science 42

Interactive Science 42

Appendixes

NURP Project Listing, 1995-1997 45

NURP Regional Map and Addresses 53
